Is she alone ...?
she's cute
pairs well with the grilled salmon.
And she's drinking sake?
This chilled sake

fatty meat.

Eeeh?
I don't usually eat it.
That's because you have a kid's palate!

Ah, that sounds good.
One salmon please!
I-I'll go with the salmon grilled with salt.

You know, I really love eating the skin too.

I'll have a full course of that.
me too
About that ...
Naah, I'd eat salmon just for the skin.
Huuuh?
That's gross, man!
rice sure goes great with grillled salmon
U-Um ... That salmon ...

This is...
This is delicious!!
thank you!
.....??
The salmon makes the rice taste better! Your cooking is delicious!
This is great! I'll have more rice!
Can't I go somewhere to just eat salmon skin and drink sake without being bothered?
Maybe that's just how the world is.
I didn't drink enough...
Wakako Murasaki, 26 years old, was born with a taste for sake.
She's still wandering around, drinking alone, to look for a place where she belongs.
